DUE TO REQUIREMENTS OF THE CLASS SIZE AMENDMENT, REQUESTS MUST BE TAKEN SERIOUSLY. WAIVER OF TEACHER RECOMMENDATIONS

Parents and students are encouraged to follow academic recommendations of teachers and counselors. Parents and students can request a course different from the one recommended but should realize that students cannot be switched to a different course if they are not successful. Schedules will not be changed after final programming deadlines because all course offerings, class schedules, textbook purchases, and the hiring of teachers are based on the classes on this worksheet. We hope that all parents review course selections and sign below. Students will be scheduled for classes even if they do not return a signed course selection sheet.

Schedule Change Policy

Valid reasons for a schedule change may include: computer error, failing a required course, passing a course on virtual school or night school, lacking a graduation requirement and lacking the proper prerequisite. Elective changes will not be honored due to teacher unit allocation. Schedule change requests will ***NOT*** be considered for the purpose of teacher preference. A change request may require the entire schedule to be altered to meet the request you have made-including different teachers and different class periods. Once a schedule has been changed, it ***cannot*** be changed back again to the original schedule. The student is responsible for all class work from the beginning of the semester, regardless of the date the student entered the class. Failure to complete summer reading does not constitute a valid reason for a schedule change.

I am aware of the programs offered to my child at Riverview High School, and I agree with his/her choices as indicated. I have also read and understand the schedule change policy. I understand that I will not be able to drop any chosen AP classes or request schedule changes once the school year begins.
