

Axis 360

Your Free Online Library

What is Axis 360?

Axis 360 works like a traditional library...but online. The school district has several copies of e-books and audiobooks available for students to check out online. Just like in the standard library, if all the copies of the book are checked out, you'll have to wait for someone to return a copy. Because the selection of books is similar to a traditional library, **axis 360 offers books that aren't available on myOn.**

How do I use Axis 360?

INSTALL: Download the axis 360 app (available for almost all mobile phones and tablets). Go to your app store and search "axis 360". *For the desktop app, see below.*

LOGIN: Search for Riverview HS. Your Library ID is your 7 digit student id number.

CHECKOUT: Find a book and click "checkout". Hint: if the icon in the top right of the book is grey, no copies are currently available. Want to put a book on hold or find one you want to read later? Add it to your Wish List in "My Stuff".

RETURN: Your book automatically returns at the end of the loan period. But if you click on the book under "My Stuff", you can return it earlier.

Differences Using the Desktop App

- Download the app from the "App Zone" at <http://sdhcrvhs.axis360.baker-taylor.com/>
- You can't check out books in the desktop app—it's only used for reading. To check out books go to <http://sdhcrvhs.axis360.baker-taylor.com/> Then select country, state, and HCPS Riverview HS. Once you've checked out books go to the desktop app to read them. Any books you check out from the website will be available on your mobile or desktop app.
- Audio books (those marked with headphones) won't play in the desktop app.
